ABSTRACT TITLE

First A. Author

Affiliation, Postal Address, E-mail address

Second B. Author

Affiliation, Postal Address, E-mail address

Third C. Author

Affiliation, Postal Address, E-mail address

Key Words: *extended finite element method, abstract, conference.*

ABSTRACT

Authors are asked to submit an abstract before **January 13, 2013**. The upload can be realized through the author's area of the conference webpage. Therefore, authors must be registered first. Registration does not oblige contributors to pay any fees before having received the acceptance letter.

The abstract should outline the main features, results and conclusions as well as the general significance of the contribution. Relevant references, figures, and tables are welcome. Please note that

- we can only accept abstracts in .pdf-format.

- the abstract must not be longer than one page.

- the maximum file size allowed is 2MB.

- the abstract must be written in English.

Once your abstract is uploaded, you may replace your abstract by a newer version until January 13, 2013. The acceptance of the abstract will be communicated to the authors by February 22, 2013.

Please note that the final acceptance of papers for presentation is conditional to receiving the abstract, the short paper, and the payment of the presenting author's congress registration fee before **June 3, 2013**. Only one presentation per delegate is allowed.
